

Federal Regulations at 40 CFR Part 72, Appendix C, July 1, 2005, and as revised at 70 FR 25162-25210, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, are hereby incorporated by reference.

M. Calculation of Potential Electric Output Capacity. The Acid Rain Program regulations, published in the *Code of Federal Regulations* at 40 CFR Part 72, Appendix D, July 1, 2005, and as revised at 70 FR 25162-25210, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, are hereby incorporated by reference.

N. Copies of documents incorporated by reference in this Section may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20540 or their website, www.gpoaccess.gov/cfr/index.html; from the Department of Environmental Quality, Office of Environmental Services, Air Permits Division; or from a public library.

O. Modifications or Exceptions. Whenever the referenced regulations (i.e., 40 CFR Part 72) provide authority to "the Administrator," such authority, in accordance with these regulations, shall be exercised by the administrative authority or his designee, notwithstanding any authority exercised by the U.S. Environmental Protection Agency (EPA). Reports, notices, or other documentation required by the referenced regulations (i.e., 40 CFR Part 72) to be provided to "the Administrator" shall be provided to the Office of Environmental Services, Air Permits Division, where the state is designated authority by EPA as "the Administrator," or shall be provided to the Office of Environmental Services, Air Permits Division and EPA, where EPA retains authority as "the Administrator."

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2054.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of Air Quality and Nuclear Energy, Air Quality Division, LR 13:741 (December 1987), amended by the Office of Air Quality and Radiation Protection, Air Quality Division, LR 19:1420 (November 1993), LR 21:678 (July 1995), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 26:2446 (November 2000), amended by the Office of the Secretary, Legal Affairs Division, LR 31:2429, 2436 (October 2005), LR 32:

A public hearing will be held on July 25, 2006, at 1:30 p.m. in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the proposed amendments. Should individuals with a disability need an accommodation in order to participate, contact Judith A. Schuerman, Ph.D., at the address given below or at (225) 219-3550. Free parking is available in the Galvez Garage with a validated parking ticket.

All interested persons are invited to submit written comments on the proposed regulation. Persons commenting should reference this proposed regulation by AQ259ft. Such comments must be received no later than July 25, 2006, at 4:30 p.m., and should be sent to Judith A. Schuerman, Ph.D., Office of the Secretary, Legal Affairs Division, Box 4302, Baton Rouge, LA 70821-4302 or to fax (225) 219-3582 or by e-mail to judith.schuerman@la.gov. The comment period for this rule ends on the same date as the public hearing. Copies of this proposed regulation can be purchased by contacting the DEQ Public Records Center at (225) 219-

3168. Check or money order is required in advance for each copy of AQ259ft. This regulation is available on the Internet at www.deq.louisiana.gov under Rules and Regulations.

This proposed regulation is available for inspection at the following DEQ office locations from 8 a.m. until 4:30 p.m.: 602 N. Fifth Street, Baton Rouge, LA 70802; 1823 Highway 546, West Monroe, LA 71292; State Office Building, 1525 Fairfield Avenue, Shreveport, LA 71101; 1301 Gadwall Street, Lake Charles, LA 70615; 111 New Center Drive, Lafayette, LA 70508; 110 Barataria Street, Lockport, LA 70374; 645 N. Lotus Drive, Suite C, Mandeville, LA 70471.

NOTICE OF INTENT

Department of Environmental Quality Office of the Secretary Legal Affairs Division

Incorporation by Reference of the
CAIR SO₂ Trading Program
(LAC 33:III.506)(AQ260ft)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to adopt the Air regulations, LAC 33:III.506 (Log #AQ260ft).

This proposed Rule is identical to federal regulations found in 40 CFR Part 96, Subparts AAA, BBB, CCC, FFF, GGG, and HHH (July 1, 2005), and 70 FR 25162-25210 (May 12, 2005) and 71 FR 25328-25469 (April 28, 2006), which are applicable in Louisiana. For more information regarding the federal requirement, contact the Regulation Development Section at (225) 219-3550 or Box 4302, Baton Rouge, LA 70821-4302. No fiscal or economic impact will result from the proposed Rule; therefore, the Rule will be promulgated in accordance with R.S. 49:953(F)(3) and (4).

This Rule incorporates by reference the federal regulations concerning the Clean Air Interstate Rule (CAIR) SO₂ Trading Program. This action is necessary in order for Louisiana to adopt the general and specific provisions for the CAIR SO₂ Trading Program, under Section 110 of the Clean Air Act, as a means of mitigating interstate transport of fine particulate and sulfur dioxide. By adopting 40 CFR Part 96, Subparts AAA-HHH, the state is authorizing EPA to assist the state in implementing the CAIR SO₂ Trading Program.

On March 10, 2005, EPA announced the Clean Air Interstate Rule (CAIR), a rule that will achieve reduction in air pollution by regulating sulfur dioxide (SO₂) and nitrogen oxides (NO_x) emissions from 23 states and the District of Columbia. These pollutants contribute to levels of fine particles (PM_{2.5}) in areas above the air quality standard in downwind states. In addition, NO_x emissions in 25 eastern states and the District of Columbia contribute to levels of ozone in areas above the air quality standard for 8-hour ozone in other downwind states. In developing the CAIR SO₂ regulations and the cap-and-trade program, the

Environmental Protection Agency relied on the successful Acid Rain Program/cap-and-trade program. The resulting CAIR SO₂ cap-and-trade program was merged with the Acid Rain cap-and-trade program when CAIR defined CAIR SO₂ allocations as those allocations made under the Acid Rain Program. EPA has promulgated changes to the Acid Rain Program that reflect the CAIR SO₂ requirements. These actions enable the CAIR SO₂ cap-and-trade program to accept Acid Rain SO₂ allocations for trading, selling, and/or determining compliance with the CAIR SO₂ program. The basis and rationale for this rule are to mirror the federal regulations.

This proposed Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required. This proposed Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Title 33 ENVIRONMENTAL QUALITY Part III. Air

Chapter 5. Permit Procedures

§506. Clean Air Interstate Rule Requirements

A. Reserved.

B. Reserved.

C. Annual Sulfur Dioxide. Except as specified in this Section, the Federal SO₂ Model Rule, published in the *Code of Federal Regulations* at 40 CFR Part 96, July 1, 2005, and as revised at 70 FR 25162-25210, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, is hereby incorporated by reference, except for Subpart III—CAIR SO₂ Opt-in Units and all references to opt-in units.

1. Subpart AAA—CAIR SO₂ Trading Program General Provisions. The Federal SO₂ Model Rule regulations, published in the *Code of Federal Regulations* at 40 CFR 96.201-96.208, July 1, 2005, and as revised at 70 FR 25162-25210, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, are hereby incorporated by reference, except for the references to opt-in units found in 40 CFR 96.201, and in the definitions of *CAIR NO_x ozone season unit*, *CAIR NO_x unit*, *CAIR SO₂ unit*, and *commence commercial operations* in 40 CFR 96.202.

2. Subpart BBB—CAIR Designated Representative for CAIR SO₂ Sources. The Federal SO₂ Model Rule regulations, published in the *Code of Federal Regulations* at 40 CFR 96.210-96.214, July 1, 2005, and as revised at 70 FR 25162-25210, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, are hereby incorporated by reference.

3. Subpart CCC—Permits. The Federal SO₂ Model Rule regulations, published in the *Code of Federal Regulations* at 40 CFR 96.220-96.224, July 1, 2005, and as revised at 70 FR 25162-25210, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, are hereby incorporated by reference.

4. Subpart DDD—Reserved.

5. Subpart EEE—Reserved.

6. Subpart FFF—CAIR SO₂ Allowance Tracking System. The Federal SO₂ Model Rule regulations, published in the *Code of Federal Regulations* at 40 CFR 96.250-96.257, July 1, 2005, and as revised at 70 FR 25162-25210, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, are hereby incorporated by reference.

7. Subpart GGG—CAIR SO₂ Allowance Transfers. The Federal SO₂ Model Rule regulations, published in the *Code of Federal Regulations* at 40 CFR 96.260-96.262, July 1, 2005, and as revised at 70 FR 25162-25210, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, are hereby incorporated by reference.

8. Subpart HHH—Monitoring and Reporting. The Federal SO₂ Model Rule regulations, published in the *Code of Federal Regulations* at 40 CFR 96.270-96.276, July 1, 2005, and as revised at 70 FR 25162-25210, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, are hereby incorporated by reference, except that Paragraphs (b)(4) and (b)(5) shall be deleted from 40 CFR 96.270; Paragraph (d)(3)(iv)(D) shall be deleted from 40 CFR 96.271; and Paragraph (b) shall be deleted from 40 CFR 96.272.

D. Copies of documents incorporated by reference in this Section may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20242 or their website, www.gpoaccess.gov/cfr/index.html; from the Department of Environmental Quality, Office of Environmental Services, Air Permits Division; or from a public library.

E. Modifications or Exceptions. Whenever the referenced regulations (i.e., 40 CFR Part 96) provide authority to "the Administrator," such authority, in accordance with these regulations, shall be exercised by the administrative authority or his designee, notwithstanding any authority exercised by the U.S. Environmental Protection Agency (EPA). Reports, notices, or other documentation required by the referenced regulations (i.e., 40 CFR Part 96) to be provided to "the Administrator" shall be provided to the Office of Environmental Services, Air Permits Division, where the state is designated authority by EPA as "the Administrator," or shall be provided to the Office of Environmental Services, Air Permits Division and EPA, where EPA retains authority as "the Administrator."

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2054.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, Legal Affairs Division, LR 32:

A public hearing will be held on July 25, 2006, at 1:30 p.m. in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the proposed amendments. Should individuals with a disability need an accommodation in order to participate, contact Judith A. Schuerman, Ph.D., at the address given below or at (225) 219-3550. Free parking is available in the Galvez Garage with a validated parking ticket.

All interested persons are invited to submit written comments on the proposed regulation. Persons commenting should reference this proposed regulation by AQ260ft. Such comments must be received no later than July 25, 2006, at 4:30 p.m., and should be sent to Judith A. Schuerman, Ph.D., Office of the Secretary, Legal Affairs Division, Box 4302, Baton Rouge, LA 70821-4302 or to fax (225) 219-3582 or by e-mail to judith.schuerman@la.gov. NOTICE OF INTENT

Department of Environmental Quality Office of the Secretary Legal Affairs Division

Public Notice Requirements for General Permits (LAC 33:III.513)(AQ267)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Air regulations, LAC 33:III.513 (Log #AQ267).

The department is allowed by regulation to issue general permits intended to cover numerous similar sources or activities. General permits are issued in accordance with LAC 33:III.519 and, prior to issuance, must undergo public notice and review by affected states and EPA in accordance with LAC 33:III.531 and 533. Applicants applying for authorization to operate under the general permit must also publish a notice of the application in a newspaper of general circulation in the local area where the source is or would be located. These procedures are appropriate for general permits intended to cover Part 70 sources. However, for general permits intended to cover minor sources, review by affected states and EPA is not necessary, nor is publication of a notice of the application. This rule revision specifies that the aforementioned requirements are only required for general permits intended to cover Part 70 sources. This Rule is also being proposed as a revision to the Louisiana State Implementation Plan for air quality. The basis and rationale for this Rule are to clarify the public notice requirements for general permits.

This proposed Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required. This proposed Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Title 33 ENVIRONMENTAL QUALITY Part III. Air

Chapter 5. Permit Procedures

§513. General Permits, Temporary Sources, and Relocation of Portable Facilities

A. General Permits

1. The permitting authority may issue a general permit intended to cover numerous similar sources or activities. General permits shall be issued in accordance with LAC 33:III.519 and, prior to issuance, shall undergo public notice and, if the general permit is intended to cover a *Part 70 source* as defined in LAC 33:III.502, review by affected states and EPA in accordance with LAC 33:III.531 and 533. Each general permit shall incorporate terms and conditions applicable to sources that would qualify for the general permit. Any general permit shall identify criteria by which sources may qualify for the general permit, and may provide for applications which deviate from the requirements of LAC 33:III.517.

2. The owner or operator of any source that would qualify for the general permit may apply for authorization to operate under the general permit. The application must include all information necessary to determine qualification for and to assure compliance with the general permit. The owner or operator of a *Part 70 source* as defined in LAC 33:III.502 shall publish a notice of the application in a newspaper of general circulation in the local area where the source is or would be located.

A.3. - C.3. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2054.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of Air Quality and Radiation Protection, Air Quality Division, LR 19:1420 (November 1993), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 26:2448 (November 2000), amended by the Office of the Secretary, Legal Affairs Division, LR 32:

A public hearing will be held on July 25, 2006, at 1:30 p.m. in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA 70802. The hearing will also be for the revision to the State Implementation Plan (SIP) to incorporate this proposed Rule. Interested persons are invited to attend and submit oral comments on the proposed amendments. Should individuals with a disability need an accommodation in order to participate, contact Judith A. Schuerman, Ph.D., at the address given below or at (225) 219-3550. Free parking is available in the Galvez Garage with a validated parking ticket.

All interested persons are invited to submit written comments on the proposed regulation. Persons commenting should reference this proposed regulation by AQ267. Such comments must be received no later than August 1, 2006, at 4:30 p.m., and should be sent to Judith A. Schuerman, Ph.D., Office of the Secretary, Legal Affairs Division, Box 4302, Baton Rouge, LA 70821-4302 or to fax (225) 219-3582 or by e-mail to judith.schuerman@la.gov. NOTICE OF INTENT

Department of
Environmental Quality
Office of the Secretary
Legal Affairs Division

Incorporation by Reference of
the CAIR SO₂ Trading Program
(LAC 33:III.506) (AQ260ft)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to adopt the Air regulations, LAC 33:III.506 (Log #AQ260ft).

This proposed rule is identical to federal regulations found in 40 CFR Part 96, Subparts AAA, BBB, CCC, FFF, GGG, and HHH (July 1, 2005), and 70 FR 25162-25210 (May 12, 2005) and 71 FR 25328-25469 (April 28, 2006), which are applicable in Louisiana. For more information regarding the federal requirement, contact the Regulation Development Section at (225) 219-3550 or Box 4302, Baton Rouge, LA 70821-4302. No fiscal or economic impact will result from the proposed rule; therefore, the rule will be promulgated in accordance with R.S. 49:953(F)(3) and (4).

This rule incorporates by reference the federal regulations concerning the Clean Air Interstate Rule (CAIR) SO₂ Trading Program. This action is necessary in order for Louisiana to adopt the general and specific provisions for the CAIR SO₂ Trading Program, under Section 110 of the Clean Air Act, as a means of mitigating interstate transport of fine particulate and sulfur dioxide.

By adopting 40 CFR Part 96, Subparts AAA-HHH, the state is authorizing EPA to assist the state in implementing the CAIR SO₂ Trading Program.

On March 10, 2005, EPA announced the Clean Air Interstate Rule (CAIR), a rule that will achieve reduction in air pollution by regulating sulfur dioxide (SO₂) and nitrogen oxides (NOx) emissions from 23 states and the District of Columbia. These pollutants contribute to levels of fine particles (PM_{2.5}) in areas above the air quality standard in downwind states. In addition, NOx emissions in 25 eastern states and the District of Columbia contribute to levels of ozone in areas above the air quality standard for 8-hour ozone in other downwind states. In developing the CAIR SO₂ regulations and the cap-and-trade program, the Environmental Protection Agency relied on the successful Acid Rain Program/cap-and-trade program. The resulting CAIR SO₂ cap-and-trade program was merged with the Acid Rain cap-and-trade program when CAIR defined CAIR SO₂ allocations as those allocations made under the Acid Rain Program. EPA has promulgated changes to the Acid Rain Program that reflect the CAIR SO₂ requirements. These actions enable the CAIR SO₂ cap-and-trade program to accept Acid Rain SO₂ allocations for trading, selling, and/or determining compliance with the CAIR SO₂ program. The basis and rationale for this rule are to mirror the federal regulations.

This proposed rule meets an exception listed in R.S. 30:2019 (D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required. This proposed rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

A public hearing will be held on July 25, 2006, at 1:30 p.m. in the Calvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the proposed amendments. Should individuals with a disability need an accommodation in order to participate, contact Judith A. Schuerman, Ph.D., at the address given below or at (225) 219-3550. Free parking is available in the Calvez Garage with a validated parking ticket.

All interested persons are invited to submit written comments on the proposed regulation. Persons commenting should reference this proposed regulation by AQ260ft. Such comments must be received no later than July 25, 2006, at 4:30 p.m., and should be sent to Judith A. Schuerman, Ph.D., Office of the Secretary, Legal Affairs Division, Box 4302, Baton Rouge, LA 70821-4302 or to FAX (225) 219-3582 or by e-mail to judith.schuerman@la.gov. The comment period for this rule ends on the same date as the public hearing. Copies of this proposed regulation can be purchased by contacting the DEQ Public Records Center at (225) 219-3169. Check or money order is required in advance for each copy of AQ260ft. This regulation is available on the Internet at www.deq.louisiana.gov under Rules and Regulations.

This proposed regulation is available for inspection at the following DEQ office locations from 8 a.m. until 4:30 p.m.: 602 N. Fifth Street, Baton Rouge, LA 70802; 1823 Highway 546, West Monroe, LA 71292; State Office Building, 1525 Fairfield Avenue, Shreveport, LA 71101; 1301 Gadwall Street, Lake Charles, LA 70615; 111 New Center Drive, Lafayette, LA 70508; 110 Barataria Street, Lockport, LA 70374; 645 N. NOTICE OF INTENT

Department of

Environmental Quality
Office of the Secretary
Legal Affairs Division

Incorporation by
Reference of the CAIR
SO2 Trading Program
(LAC 33:111.506)
(AQ260ft)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to adopt the Air regulations, LAC 33:111.506 (Log #AQ260ft).

This proposed rule is identical to federal regulations found in 40 CFR Part 96, Subparts AAA, BBB, CCC, FFF, GGG, and HHH (July 1, 2005), and 70 FR 25162-25210 (May 12, 2005) and 71 FR 25328-25469 (April 28, 2006), which are applicable in Louisiana. For more information regarding the federal requirement, contact the Regulation Development Section at (225) 219-3550 or Box 4302, Baton Rouge, LA 70821-4302. No fiscal or economic impact will result from the proposed rule; therefore, the rule will be promulgated in accordance with R.S. 49:953(F)(3) and (4).

This rule incorporates by reference the federal regulations concerning the Clean Air Inter-

state Rule (CAIR) SO2 Trading Program. This action is necessary in order for Louisiana to adopt the general and specific provisions for the CAIR SO2 Trading Program, under Section 110 of the Clean Air Act, as a means of mitigating interstate transport of fine particulate and sulfur dioxide. By adopting 40 CFR Part 96, Subparts AAA-HHH, the state is authorizing EPA to assist the state in implementing the CAIR SO2 Trading Program.

On March 10, 2005, EPA announced the Clean Air Interstate Rule (CAIR), a rule that will achieve reduction in air pollution by regulating sulfur dioxide (SO2) and nitrogen oxides (NOx) emissions from 23 states and the District of Columbia. These pollutants contribute to levels of fine particles (PM2.5) in areas above the air quality standard in downwind states. In addition, NOx emissions in 25 eastern states and the District of Columbia contribute to levels of ozone in areas above the air quality standard for 8-hour ozone in other downwind states. In developing the CAIR SO2 regulations and the cap-and-trade program, the Environmental Protection Agency relied on the successful Acid Rain Program/ cap-and-trade program. The resulting CAIR SO2 cap-and-trade program was merged with the Acid Rain cap-and-trade program when CAIR defined CAIR SO2 allocations as those allocations made under the Acid Rain Program. EPA has promulgated changes to the Acid Rain Program that reflect the CAIR SO2 requirements. These actions enable the CAIR SO2 cap-and-trade program to accept Acid Rain SO2 allocations for trading, selling, and/or determining compliance with the CAIR SO2 program. The basis and rationale for this rule are to mirror the federal regulations.

This proposed rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required. This proposed rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Bill Buschmann

Subscribed and sworn to before me
this 16th day of June, 2006

Notary Number 019888

A public hearing will be held on July 25, 2004, at 1:30 p.m. in the Galvez Building, Oliver Pollock Conference Room, 402 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the proposed amendments. Should individuals with a disability need an accommodation in order to participate, contact Judith A. Schuerman, Ph.D., at the address given below or at (225) 219-3550. Free parking is available in the Galvez Garage with a validated parking ticket.

All interested persons are invited to submit written comments on the proposed regulation. Persons commenting should reference this proposed regulation by AQ260f. Such comments must be received no later than July 25, 2004, at 4:30 p.m. and should be sent to Judith A. Schuerman, Ph.D., Office of the Secretary, Legal Affairs Division, Box 4302, Baton Rouge, LA 70821-4302 or to FAX (225) 219-3582 or by e-mail to judith.schuerman@la.gov. The comment period for this rule ends on the same date as the public hearing. Copies of this proposed regulation can be purchased by contacting the DEQ Public Records Center at (225) 219-3168. Check or money order is required in advance for each copy of AQ260f. This regulation is available on the Internet at www.deq.louisiana.gov under Rules and Regulations.

This proposed regulation is available for inspection at the following DEQ office locations from 8 a.m. until 4:30 p.m.: 402 N. Fifth Street, Baton Rouge, LA 70802; 1823 Highway 546, West Monroe, LA 71292; State Office Building, 1525 Fairfield Avenue, Shreveport, LA 71101; 1301 Gadwall Street, Lake Charles, LA 70615; 111 New Center Drive, Lafayette, LA 70508; 110 Barataria Street, Lockport, LA 70374; 645 N. Lotus Drive, Suite G, Mandeville, LA 70471.

NOTICE OF INTENT

Department of
Environmental Quality
Office of the Secretary
Legal Affairs Division

Incorporation by
Reference of the CAIR
SO₂ Trading Program
(LAC 33:111.506)
(AQ260ff)

Under the authority
of the Environmental
Quality Act, R.S.
30:2001 et seq. and in
accordance with the
provisions of the Ad-
ministrative Procedure
Act, R.S. 49:950 et seq.,
the secretary gives no-
tice that rulemaking
procedures have been
initiated to adopt the
Air Regulations, LAC
33:111.506 (AQ260ff).

This proposed rule is
identical to federal
regulations found in 40
CFR Part 96, Subparts
AAA-BBB, CCC-FFF,
GGG-HHH (July 17,
2005), and 70 FR
25162-25210 (May 12,
2005) and 71 FR 25328,
25469 (April 28, 2006),
which are applicable in
Louisiana. For more
information regarding
the federal require-
ment, contact the Reg-
ulation Development
Section at (225) 312-
3550 or Box 4302, Baton
Rouge, LA 70821-4302.
No direct economic
impact will result from
the proposed rule;
therefore, the rule will
be promulgated in ac-
cordance with R.S.
49:953(F)(3) and (4).

This rule incorpo-
rates by reference the
federal regulations
concerning the Clean
Air Interstate Rule
(CAIR) SO₂ Trading
Program. This action
is necessary in order
for Louisiana to adopt
the general and spec-
ific provisions for the
CAIR SO₂ Trading
Program. Under Sec-
tion 110 of the Clean
Air Act as a means of
mitigating interstate
transport of fine par-
ticulate and sulfur di-
oxide. By adopting 40
CFR Part 96, Subparts
AAA-HHH, the state is
authorizing EPA to as-
sist the state in imple-
menting the CAIR SO₂
Trading Program.

On March 10, 2005,
EPA announced the
Clean Air Interstate
Rule (CAIR), a rule

that will achieve re-
duction in air pollution
by regulating sulfur di-
oxide (SO₂) and nitro-
gen oxides (NO_x)
emissions from 23
states and the District
of Columbia. These
pollutants contribute to
levels of fine particles
(PM_{2.5}) in areas
above the air quality
standard in downwind
states. In addition,
NO_x emissions in 25
eastern states and the
District of Columbia
contribute to levels of
ozone in areas above
the air quality stand-
ard for 8-hour ozone in
other downwind states.
In developing the CAIR
SO₂ regulations and
the cap-and-trade pro-
gram, the Environ-
mental Protection
Agency relied on the
successful Acid Rain
Program cap-and-
trade program. The
resulting CAIR SO₂
cap-and-trade program
was merged with the
Acid Rain cap-and-
trade program when
CAIR defined CAIR
SO₂ allocations as
those allocations made
under the Acid Rain
Program. EPA has
promulgated changes
to the Acid Rain Pro-
gram that reflect the
CAIR SO₂ require-
ments. These actions
enable the CAIR SO₂
cap-and-trade program
to accept Acid Rain
SO₂ allocations for
trading, selling, and/or
determining compli-
ance with the CAIR
SO₂ program. The ba-
sis and rationale for
this rule are to improve
the federal regulations.
This proposed rule
meets an exception
listed in R.S.
30:2019(B)(2) and R.S.
49:953(G)(3). There-
fore, no report regard-

ing the environmental/health
benefits and
social/economic costs
is required. This pro-
posed rule has no
known impact on fami-
ly formation, stability,
and autonomy as de-
scribed in R.S. 49:972.

A public hearing will
be held on July 25,
2006, at 1:30 p.m. in the
Galvez Building, Oliver
Pollock Conference
Room, 602 N. Fifth
Street, Baton Rouge,
LA 70802. Interested
persons are invited to
attend and submit oral
comments on the pro-
posed amendments.
Should individuals with
a disability need an ac-
commodation in order
to participate, contact
Judith A. Schuerman,
Ph.D. at the address
given below or at (225)
219-3550. Free parking
is available in the
Galvez Garage with a
validated parking
ticket.

All interested per-
sons are invited to sub-
mit written comments
on the proposed regu-
lation. Persons com-
menting should refer-
ence this proposed regu-
lation by AQ260ff.
Such comments must
be received no later
than July 25, 2006, at
4:30 p.m. and should
be sent to Judith A.
Schuerman, Ph.D., Of-
fice of the Secretary,
Legal Affairs Division,
Box 4302, Baton Rouge,
LA 70821-4302, or to
EPA at (225) 219-3550, or
by e-mail at
judith.schuerman@epa.gov.
The comment per-
iod for this rule ends on
the same date as the
public hearing. Copies
of this proposed regu-
lation can be pur-
chased by contacting
the DEQ Public Re-
cords Center at (225)
219-3550. Check of
monetary orders is re-
quired in advance for
each copy of AQ260ff.
This regulation is
available on the inter-
net at
www.deq.louisiana.gov
under "Rules and
Regulations."
This proposed regula-
tion is available for in-
spection at the follow-
ing DEQ office loca-
tions from 8 a.m. until
4:30 p.m.: 602 N. Fifth
Street, Baton Rouge,
LA 70802; 1823 High-
way 46 West, Monroe,
LA 70122; State Office
Building, 1525 Fairfield
Avenue, Shreveport,
LA 71071; 1301 Gadwall
Street, Lake Charles,
LA 70615; 111 New Cen-
ter Drive, Lafayette,
LA 70508; 705 Street,
Baton Rouge, LA 70874; 445

NOTICE OF INTENT
Department of Environmental Quality
Office of the Secretary
Legal Affairs Division
Incorporation by Reference of the CAIR SO2 Trading Program
(LAC 33:111.506)
(AQ260ff)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to adopt the Air regula-

tions, LAC 33:111.506 (Log #AQ260ff).

This proposed rule is identical to federal regulations found in 40 CFR Part 96, Subparts AAA, BBB, CCC, FFF, GGG, and HHH (July 1, 2005), and 70 FR 25162-25210 (May 12, 2005) and 71 FR 25328-25469 (April 28, 2006), which are applicable in Louisiana. For more information regarding the federal requirement, contact the Regulation Development Section at (225) 219-3550 or Box 4302, Baton Rouge, LA 70821-4302. No fiscal or economic impact will result from the proposed rule; therefore, the rule will be promulgated in accordance with R.S. 49:953(F)(3) and (4).

This rule incorporates by reference the federal regulations concerning the Clean Air Interstate Rule (CAIR) SO2 Trading Program. This action is necessary in order for Louisiana to adopt the general and specific provisions for the CAIR SO2 Trading Program, under Section 110 of the Clean Air Act, as a means of mitigating interstate transport of fine particulate and sulfur dioxide. By adopting 40 CFR Part 96, Subparts AAA-HHH, the state is authorizing EPA to assist the state in implementing the CAIR SO2 Trading Program.

On March 10, 2005, EPA announced the Clean Air Interstate Rule (CAIR), a rule that will achieve reduction in air pollution by regulating sulfur dioxide (SO2) and nitrogen oxides (NOx) emissions from 23 states and the District of Columbia. These pollutants contribute to levels of fine particles (PM2.5) in areas above the air quality standard in downwind states. In addition, NOx emissions in 25 eastern states and the District of Columbia contribute to levels of ozone in areas above the 8-hour ozone in other downwind states. In developing the CAIR SO2 regulations and the cap-and-trade program,

Department of Environmental

Quality
Office of the Secretary,
Legal Affairs Division

Incorporation by Reference of
the CAIR SO₂ Trading
Program (LAC 33:III.506)
(AQ260ft)

Under the authority of the
Environmental Quality Act, R.S.
30:2001 et seq. and in
accordance with the provisions
of the Administrative Procedure
Act, R.S. 49:950 et seq., the
secretary gives notice that
rulemaking procedures have
been initiated to adopt the Air
regulations, LAC 33:III.506 (Log
AQ260ft).

This proposed rule is identical to
federal regulations found in 40
CFR Part 96, Subparts AAA,
BBB, CCC, FFF, GGG, and
HHH (July 1, 2005), and 70 FR
25162-25210 (May 12, 2005) and
71 FR 25328-25469 (April 28,
2006), which are applicable in
Louisiana. For more
information regarding the
federal requirement, contact the
Regulation Development Section
at (225) 219-3550 or Box 4302,
Baton Rouge, LA 70821-4302. No
fiscal or economic impact will
result from the proposed rule;
therefore, the rule will be
promulgated in accordance with
R.S. 49:953(F)(3) and (4).

This rule incorporates by
reference the federal regulations
concerning the Clean Air
Interstate Rule (CAIR) SO₂
Trading Program. This action is
necessary in order for Louisiana
to adopt the general and specific
provisions for the CAIR SO₂
Trading Program under Section
110 of the Clean Air Act, as a
means of mitigating interstate
transport of fine particulate and
sulfur dioxide. By adopting 40
CFR Part 96, Subparts
AAA-HHH, the state is
authorizing EPA to assist the
state in implementing the CAIR
SO₂ Trading Program.

On March 10, 2005, EPA
announced the Clean Air
Interstate Rule (CAIR), a rule
that will achieve reduction in air
pollution by regulating sulfur
dioxide (SO₂) and nitrogen
oxides (NO_x) emissions from 23
states and the District of
Columbia. These pollutants
contribute to levels of fine
particles (PM_{2.5}) in areas above
the air quality standard in
downwind states. In addition,
NO_x emissions in 25 eastern
states and the District of
Columbia contribute to levels of
ozone in areas above the air
quality standard for 8-hour
ozone in other downwind states.
In developing the CAIR SO₂
regulations and the
cap-and-trade program, the
Environmental Protection
Agency relied on the successful
Acid Rain Program/
cap-and-trade program. The
resulting CAIR SO₂
cap-and-trade program was
merged with the Acid Rain
cap-and-trade program when
CAIR defined CAIR SO₂
allocations as those allocations
made under the Acid Rain
Program. EPA has promulgated
changes to the Acid Rain
Program that reflect the CAIR
SO₂ requirements. These
actions enable the CAIR SO₂
cap-and-trade program to
accept Acid Rain SO₂
allocations for trading, selling,
and/or determining compliance
with the CAIR SO₂ program.
The basis and rationale for this
rule are to mirror the federal
regulations.

This proposed rule meets an
exception listed in R.S.
30:2019(D)(2) and R.S.
49:953(G)(3); therefore, no
report regarding the
environmental/health benefits
and social/economic costs is
required. This proposed rule has

no known impact on family
formation, stability, and
autonomy as described in R.S.
49:972.

A public hearing will be held on
July 25, 2006, at 1:30 p.m. in the
Galvez Building, Oliver Pollock
Conference Room, 602 N. Fifth
Street, Baton Rouge, LA 70802.
Interested persons are invited to
attend and submit oral
comments on the proposed
amendments. Should individuals
with a disability need an
accommodation in order to
participate, contact Judith A.
Schuerman, Ph.D., at the
address given below or at (225)
219-3550. Free parking is
available in the Galvez Garage
with a validated parking ticket.

All interested persons are
invited to submit written
comments on the proposed
regulation. Persons commenting
should reference this proposed
regulation by AQ260ft. Such
comments must be received no
later than July 25, 2006, at 4:30
p.m., and should be sent to
Judith A. Schuerman, Ph.D.,
Office of the Secretary, Legal
Affairs Division, Box 4302, Baton
Rouge, LA 70821-4302 or to
FAX (225) 219-3582 or by e-mail to
judith.schuerman@deq.gov. The
comment period for this rule
ends on the same date as the
public hearing. Copies of this
proposed regulation can be
purchased by contacting the
DEQ Public Records Center at
(225) 219-3160. Check or money
order is required in advance for
each copy of AQ260ft. This
regulation is available on the
Internet at

A P P E A R A N C E S

HEARING OFFICER:
SANDY STEPHENS

1 **MS. STEPHENS:**

2 Good afternoon. My name is Sandy Stephens.
3 I'm employed with the Louisiana Department of
4 Environmental Quality. I'll be serving as the
5 hearing officer this afternoon to receive
6 comments regarding proposed amendments to the
7 Grant parish and St. Mary Parish Ozone
8 Maintenance Plans, and to the Air regulations.

9 The comment period for these amendments
10 began on June 20, 2006, when the potpourri
11 notices and notices of intent were published in
12 the *Louisiana Register*. The comment period will
13 close at 4:30 p.m. on August 24, 2006, for
14 proposed rules AQ25~~6~~9ft and AQ260ft, and at 4:30
15 p.m., August 1, 2006, for the remaining rules
16 and the parish maintenance plan amendments. It
17 would be helpful to us if all oral comments
18 received today were followed up in writing.

19 This public hearing provides a forum for all
20 interested parties to present comments on the
21 proposed changes. I'll ask that each person
22 commenting come up and sit at the front table
23 and begin by stating his or her name and
24 affiliation for the record.

25

1 The next Air rule amendment is designated by
2 the Log Number AQ260ft.

3 This rule incorporates by reference the
4 federal regulations concerning the Clean Air
5 Interstate Rule (CAIR) SO2 Trading Program.
6 This action is necessary in order for Louisiana
7 to adopt the general and specific provisions for
8 the CAIR SO2 Trading Program, under Section 110
9 of the Clean Air Act, as a means of mitigating
10 interstate transport of fine particulate and
11 sulfur dioxide. By adopting 40 CFR Part 96,
12 Subparts AAA-HHH, the State is authorizing EPA
13 to assist the State in implementing the CAIR SO2
14 Trading Program.

15 On March 10, 2005, EPA announced the Clean
16 Air Interstate Rule (CAIR), a rule that will
17 achieve reduction in air pollution by regulating
18 sulfur dioxide (SO2) and nitrogen oxides (NOx)
19 emissions from 23 states and the District of
20 Columbia. These pollutants contribute to levels
21 of fine particles (PM2.5) in areas above the air
22 quality standard in downwind states. In
23 addition, NOx emissions in 25 eastern states and
24 the District of Columbia contribute to levels of
25 ozone in areas above the air quality standard

1 for 8-hour ozone in other downwind states.

2 In developing the CAIR SO2 regulations and
3 the cap-and-trade program, the Environmental
4 Protection Agency relied on the successful Acid
5 Rain Program/cap-and-trade program. The
6 resulting CAIR CO2 cap-and-trade program was
7 merged with the Acid Rain cap-and-trade program
8 when CAIR defined CAIR SO2 allocations as those
9 allocations made under the Acid Rain Program.
10 EPA has promulgated changes to the Acid Rain
11 Program that reflect the CAIR SO2 requirements.
12 These actions enable the CAIR SO2 cap-and-trade
13 program to accept Acid Rain SO2 allocations for
14 trading, selling, and/or determining compliance
15 with the CAIR SO2 program.

16 The recent changes to the Acid Rain Program
17 at the federal level due to CAIR will require
18 the State to modify its Acid Rain rule at LAC
19 33:III.505. The incorporation of the federal
20 Acid Rain Rule will ensure continuity between
21 the Acid Rain Program and the implementation of
22 the CAIR SO2 Program.

23 Does anyone care to comment on this
24 amendment?

25 (Pause)

AQ260ft*

6

1 If not, the hearing on AQ260ft is closed.

Ms. Vivian H. Aucoin
Office of Environmental Assessment
Louisiana Department of Environmental Quality
P.O. Box 4314
Baton Rouge, LA 70821-4314

RE: Additional Comments on Louisiana's Proposed Revisions to the State
Implementation Plan concerning the Clean Air Interstate Rule (SO₂) Trading
Program

Dear Ms. Aucoin:

On August 14, 2006, we submitted a letter to the rulemaking docket providing our support of the proposed revisions to the Louisiana State Implementation Plan (SIP) for the Clean Air Interstate Rule (CAIR) SO₂ Trading Program and revisions to the Acid Rain Program. After further review and consultation with additional offices within the U.S. Environmental Protection Agency (EPA), we have identified several minor errors that need to be corrected to improve rule accuracy and clarity. We continue to support the Louisiana Department of Environmental Quality (LDEQ's) rulemaking and urge you to continue with the adoption process.

The following revisions will improve accuracy and clarity of the proposed SIP revisions:

1. Paragraph two of Section 1.1 incorrectly states that the Acid Rain Program and the CAIR SO₂ Trading Program have merged into one program. While EPA has structured the two trading programs to use a common SO₂ allowance system, each trading program is a separate entity. We recommend that the paragraph in question be revised to read:

"In developing the CAIR SO₂ regulations and the cap and trade program, EPA relied on the successful Acid Rain Program/cap and trade program. The resulting CAIR SO₂ cap and trade program

and the Acid Rain Program use a common SO₂ allowance system. EPA has promulgated changes to the Acid Rain program that provide for this common structure.

These revisions enable the CAIR SO₂ cap and trade program to accept Acid Rain SO₂ allocations for trading, selling, and/or determining compliance with the CAIR SO₂ program.”

Additionally, paragraph one of Section 2.1, the Notice of Intent for AQ259ft, and the Notice of Intent for AQ260ft refer to the Acid Rain Program and CAIR as being a merged program. We recommend that these sections also be revised to reflect the discussion above.

2. The EPA has revised the Acid Rain Program at 40 Code of Federal Regulations (CFR) Parts 72 – 74, and 78 in the 2006 rulemaking. These revisions were published in the Federal Register (FR) at 70 FR 25162 – 25405, on May 12, 2005; and at 71 FR 25328 – 25469. The LDEQ should update the citations to these rulemakings in Section 2.1 of the SIP narrative, the Notice of Intent for AQ259ft, and the regulatory language in Louisiana Administrative Code (LAC) 33:III.505(A)-(L).

The incorporation by reference of 40 CFR Part 72 in AQ259ft, may change the standard permit requirements in 72.9 that LDEQ references in their Acid Rain Permits. We recommend that after adopting AQ259ft, LDEQ review the standard permit requirements listed in the Acid Rain Permits and revise this language upon renewal of the permit if necessary.

3. Section 3.1 incorrectly cites the FR pages of the May 12, 2005 CAIR. Please use the following citation: 70 FR 25162 – 25405. This revision should also be made to the Notice of Intent for AQ260ft and the regulatory language in LAC 33:III.506(C)(1)-(3) and (6)-(8).
4. We are unclear as to the intent of the language in LAC 33:III.505(O) and 506(E), relating to Modifications or Exceptions.

The first sentence of these sections states that whenever the referenced regulations (40 CFR Part 72 and 96) provide authority to the “Administrator” (of EPA), such authority, in accordance with these regulations, shall be exercised by the administrative authority or his designee, notwithstanding any authority exercised by EPA. This appears to have the effect of creating dual or parallel programs. The EPA does not expect that the authorities of the

Administrator under 40 CFR Parts 72 and 96 will be delegated to the State, nor does EPA believe that it is appropriate to establish dual or parallel programs. Therefore, we recommend deleting the first sentences of LAC 33.III.505(O) and 506(E).

The second sentence of these sections provides that reports, notices, or other documentation required by the referenced regulations to be provided to the “Administrator” (of EPA) shall be provided to the Office of Environmental Services, Air Permits Division, where the State is the designated authority by EPA as “the Administrator,” or shall be provided to the Office of Environmental Services, Air Permits Division and EPA, where EPA retains authority as “the Administrator.” As indicated above, EPA does not expect that the authorities of the Administrator under 40 CFR Parts 72 and 96 will be delegated to the State. Therefore, we recommend that this sentence be revised to read, “A copy of each report, notice, or other documentation required by the referenced regulations to be provided to the Administrator shall be provided to the Office of Environmental Services, Air Permits Division by the person required to make the submission to the “Administrator”.”

5. LDEQ’s approach of incorporating by reference provisions of EPA’s SO₂ model trading rule allows LDEQ to use the most recent version of the model rule simply by the updating publication date cited for the model rule.

The first paragraph in LAC 33:III.506(C) states that all of the Federal CAIR SO₂ Model Rule, as promulgated under 40 CFR part 96, is incorporated by reference “except for Subpart III–CAIR SO₂ Opt-in Units and all references to opt-in units.” The EPA believes that this sentence suffices for removal of the opt-in provisions from Louisiana’s regulation and renders unnecessary the efforts to remove specific references to opt-in units currently at LAC 33:III.506(C)(1) and (C)(8). However, if Louisiana prefers to reference specific provisions that address opt-in units at 40 CFR part 96 Subparts AAA–III, the following comments are submitted for the State’s consideration. The EPA is willing to work with Louisiana to help pinpoint what specific language concerning opt-in units should be removed from the incorporation by reference.

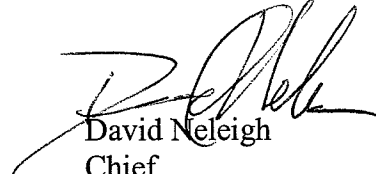

- A. In LAC 33:III.506(C)(1), LDEQ should remove the references to opt-in units in the retired unit exemptions discussion at 40 CFR 96.205(a)(1).

- B. The language regarding the definitions of “CAIR NO_x ozone season unit,” “CAIR NO_x unit,” and “commence commercial operations” should be removed from LAC 33:III.506(C)(1). The definitions of “CAIR NO_x ozone season unit” and “CAIR NO_x unit” have been removed from 40 CFR 96.202 by EPA, and the language regarding opt-in units in the definition of “commence commercial operation” at 40 CFR 96.202 has also been removed by EPA.
- C. LDEQ’s incorporation by reference should include 40 CFR 96.215 in LAC 33:III.506(C)(2).
- D. In LAC 33:III.506(C)(8), paragraph (d)(3)(iv)(D) of 40 CFR 96.271 cannot be removed in its entirety, since this paragraph stipulates requirements for CAIR SO₂ units under 40 CFR 96.204 (CAIR SO₂ applicability) as well as opt-in units under Subpart III. Only the language concerning opt-in units should be removed from paragraph (d)(3)(iv)(D).
- E. In LAC 33:III.506(C)(8), paragraph (b) of 40 CFR 96.272 cannot be removed in its entirety, since this paragraph stipulates requirements for CAIR SO₂ units under 40 CFR 96.204 (CAIR SO₂ applicability) as well as opt-in units under Subpart III. Only the language concerning opt-in units should be removed from paragraph (b).
- F. In LAC 33:III.506(C)(8), LDEQ should remove the incorporation by reference of 40 CFR 96.276, since EPA has removed this subsection.
- G. In LAC 33:III.506(C)(8), LDEQ should remove the references to monitoring plans for opt-in units found in 40 CFR 96.274(b).
- H. In LAC 33:III.506(C)(8), LDEQ should remove the references for quarterly emissions data reports for opt-in units at 40 CFR 96.274(d)(1)(iii) and (iv).

Thank you again for the opportunity to provide comments. Please note that our comments do not constitute a final decision on approvability of the SIP and rule language. We look forward to working with LDEQ as you move forward in responding

to these comments and finalizing the Louisiana CAIR SO₂ Trading Program SIP. If you have any questions, please call Mr. Matthew Loesel or Ms. Adina Wiley of my staff at (214) 665-8544 or (214) 665-2115, respectively.

Sincerely yours,

David Neleigh

**RE: AEP Southwestern Electric Power Company
Incorporation by Reference of the CAIR SO₂ Trading Program
Comments on Proposed Regulation AQ260ft**

Dear Dr. Schuerman:

On behalf of AEP Southwestern Electric Power Company (SWEPCO), we are pleased to submit comments fully supportive of LDEQ's proposal to incorporate by reference the federal Clean Air Interstate Rulemaking SO₂ Trading Program.

Specifically, we believe that it is in the best interest of Louisiana ratepayers for affected units within the state to participate in the federal CAIR SO₂ trading program. If adopted, this will facilitate the most cost-effective approach to achieving the significant SO₂ emission reductions required under CAIR. SWEPCO believes that adoption of all aspects of EPA's Model Rule related to CAIR is prudent from both an environmental protection and economic benefit perspective.

Should you have any questions regarding these comments, please do not hesitate to contact me at (318) 673-3595.

Sincerely,

T. Brian Bond
Vice President External Affairs

**Comment Summary Response & Concise Statement – AQ260ft
Amendments to the Air Regulations
Incorporation by Reference of the CAIR SO₂ Trading Program
LAC 33:III.506**

Concise Statement arguments:

FOR: [The reason supporting WHY the suggestion in the comment should be adopted by DEQ.
Usually this is the commenter's perspective.]

AGAINST: [The reason WHY the department feels the suggestion should NOT be adopted.]

COMMENT 1: — The commenter is fully supportive of the proposed rule to incorporate by reference the federal Clean Air Interstate Rulemaking (CAIR) SO₂ Trading Program. This will be the most cost-effective approach to achieving the significant SO₂ emission reductions required under CAIR.

No arguments are necessary since the comment does not suggest amendment or change.

RESPONSE 1: — The department appreciates the support.

COMMENT 2: Paragraph two of Section 1.1 of the proposed state implementation plan (SIP) incorrectly states the Acid Rain Program and the CAIR SO₂ Trading Program have merged into one program. Revise the paragraph to read as follows.

“In developing the CAIR SO₂ regulations and the cap and trade program, EPA relied on the successful Acid Rain Program/cap and trade program. The resulting CAIR SO₂ cap and trade program and the Acid Rain Program use a common SO₂ allowance system. EPA has promulgated changes to the Acid Rain program that provide for this common structure.

These revisions enable the CAIR SO₂ cap and trade program to accept Acid Rain SO₂ allocations for trading, selling, and/or determining compliance with the CAIR SO₂ program.”

No arguments necessary since the provision in question is not part of this rulemaking.

RESPONSE 2: — No amendment to the rule is necessary.

COMMENT 3: Paragraph one of Section 2.1 and the Notice of Intent refer to the Acid Rain Program and CAIR as being merged. Revise these sections to reflect that the resulting CAIR SO₂ cap and trade program and the Acid Rain Program use a common SO₂ allowance system.

No arguments necessary since the provision in question is not part of this rulemaking.

RESPONSE 3: — No amendment to the rule is necessary.

COMMENT 4: §506.C.1-3 and 6-8 — The referenced *Federal Register* pages are incorrectly cited. The citation, 70 FR 25162-25405 of the May 12, 2005 CAIR, should be used. These citations should be updated in the SIP, the Notice of Intent, and the proposed rule.

The department agrees with the comment; no arguments are necessary.

RESPONSE 4: — The department will amend the rule to correct the citation.

COMMENT 5: §506.C — The first paragraph states that all of the CAIR SO₂ Model Rule, as promulgated under 40 CFR Part 96, is incorporated by reference “except for Subpart III—CAIR SO₂ Opt-in Units and all references to Opt-in units.” This language suffices for the removal of the opt-in provisions. If the department prefers to reference specific provisions see the following.

§506.C.1 – references to opt-in units in the retired unit exemptions discussion at 40 CFR 96.205(a)(1) should be removed.

§506.C.1 – language regarding the definitions of “CAIR NO_x ozone season unit,” “CAIR NO_x unit,” and “commence commercial operations” should be removed as they have been removed from 40 CFR 96.202 by EPA.

§506.C.2 – incorporation by reference should include 40 CFR 96.215.

§506.C.8 – only language concerning opt-in units should be removed from paragraph (d)(3)(iv)(D) of 40 CFR 96.271.

§506.C.8.b – only language concerning opt-in units should be removed.

§506.C.8 – the incorporation by reference of 40 CFR 96.276 should be removed since EPA has removed this subsection.

§506.C.8 – the references to monitoring plans for opt-in units found in 40 CFR 96.274.b should be removed.

§506.C.8 – the references to quarterly emissions data reports for opt-in units found in 40 CFR 96.274(d)(1)(iii)and(iv) should be removed.

The department agrees with the comment; no arguments are necessary.

RESPONSE 5: — The department will amend the rule to rely on the statement made in the first paragraph related to the removal of the opt-in provisions from the incorporation by reference.

COMMENT 6: §506.E — Delete the first sentence because the intent of the language is unclear. The first sentence appears to create dual or parallel programs. The EPA does not expect that the administrative authorities, under 40 CFR Parts 72 and 96, will be delegated to the State, nor does EPA believe that it is appropriate to establish dual or parallel programs.

The department agrees with the comment; no arguments are necessary.

RESPONSE 6: — The department will amend the rule.

COMMENT 7: §506.E — Revise the second sentence as follows because the language is unclear. “A copy of each report, notice, or other documentation required by the referenced regulations to be

provided to the Administrator shall be provided to the Office of Environmental Services, Air Permits Division, by the person required to make the submission to the “Administrator”.”

The department agrees with the comment; no arguments are necessary.

RESPONSE 7: — The department will amend the rule.

Amendments to the Air Regulations
Incorporation by Reference of the CAIR SO₂ Trading Program
LAC 33:III.506**

COMMENT #

SUGGESTED BY

1	T. Brian Bond / AEP Southwestern Electric Power Company
2 — 7	David Neleigh / Chief, Air Permits Section, EPA

RULE
Department of Environmental Quality
Office of the Secretary
Legal Affairs Division

Incorporation by Reference of the
CAIR SO₂ Trading Program
(LAC 33:III.506)(AQ260ft)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary has adopted the Air regulations, LAC 33:III.506 (Log #AQ260ft).

This Rule is identical to federal regulations found in 40 CFR Part 96, Subparts AAA, BBB, CCC, FFF, GGG, and HHH (July 1, 2005), and 70 FR 25162-25405 (May 12, 2005) and 71 FR 25328-25469 (April 28, 2006), which are applicable in Louisiana. For more information regarding the federal requirement, contact the Regulation Development Section at (225) 219-3550 or Box 4302, Baton Rouge, LA 70821-4302. No fiscal or economic impact will result from the Rule; therefore, the Rule will be promulgated in accordance with R.S. 49:953(F)(3) and (4).

This Rule incorporates by reference the federal regulations concerning the Clean Air Interstate Rule (CAIR) SO₂ Trading Program. This action is necessary in order for Louisiana to adopt the general and specific provisions for the CAIR SO₂ Trading Program, under Section 110 of the Clean Air Act, as a means of mitigating interstate transport of fine particulate and sulfur dioxide. By adopting 40 CFR Part 96, Subparts AAA-HHH, the state is authorizing EPA to assist the state in implementing the CAIR SO₂ Trading Program.

On March 10, 2005, EPA announced the Clean Air Interstate Rule (CAIR), a rule that will achieve reduction in air pollution by regulating sulfur dioxide (SO₂) and nitrogen oxides (NO_x) emissions from 23 states and the District of Columbia. These pollutants contribute to levels of fine particles (PM_{2.5}) in areas above the air quality standard in downwind states. In addition, NO_x emissions in 25 eastern states and the District of Columbia contribute to levels of ozone in areas above the air quality standard for 8-hour ozone in other downwind states. In developing the CAIR SO₂ regulations and the cap-and-trade program, the Environmental Protection Agency relied on the successful Acid Rain Program/cap-and-trade program. The resulting CAIR SO₂ cap-and-trade program and the Acid Rain Program use a common SO₂ allowance system. EPA has promulgated changes to the Acid Rain Program that provide for this common structure. These revisions enable the CAIR SO₂ cap-and-trade program to accept Acid Rain SO₂ allocations for trading, selling, and/or determining compliance with the CAIR SO₂ program. The basis and rationale for this rule are to mirror the federal regulations.

This Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required. This Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Title 33
ENVIRONMENTAL QUALITY
Part III. Air

Chapter 5. Permit Procedures

§506. Clean Air Interstate Rule Requirements

A. Reserved.

B. Reserved.

C. Annual Sulfur Dioxide. Except as specified in this Section, the Federal SO₂ Model Rule, published in the *Code of Federal Regulations* at 40 CFR Part 96, July 1, 2005, and as revised at 70 FR 25162-25405, May 12, 2005, and 71 FR 25328-25469, April 28, 2006, is hereby incorporated by reference, except for Subpart III—CAIR SO₂ Opt-in Units and all references to opt-in units.

D. Copies of documents incorporated by reference in this Section may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20242 or their website, www.gpoaccess.gov/cfr/index.html; from the Department of Environmental Quality, Office of Environmental Services, Air Permits Division; or from a public library.

E. Modifications or Exceptions. A copy of each report or notice or of any other documentation required by the referenced regulations (i.e., 40 CFR Part 96) to be provided to "the Administrator" shall be provided to the Office of Environmental Services, Air Permits Division, by the person required to make submission to "the Administrator."

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2054.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, Legal Affairs Division, LR 32:1597 (September 2006).

Herman Robinson, CPM
Executive Counsel

RULE
Department of Environmental Quality
Office of the Secretary
Legal Affairs Division

Incorporation by Reference of the Acid Rain Program
(LAC 33:III.505)(AQ259ft)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary has amended the Air regulations, LAC 33:III.505 (Log #AQ259ft).

This Rule is identical to federal regulations found in 40 CFR Part 72 (July 1, 2005), and 70 FR 25162-25405 (May 12, 2005) and 71 FR 25328-25469 (April 28, 2006), which are applicable in Louisiana. For more information regarding the federal requirement, contact the Regulation Development Section at (225) 219-3550 or Box 4302, Baton Rouge, LA 70821-4302. No fiscal or economic impact will result from the Rule; therefore, the Rule will be promulgated in accordance with R.S. 49:953(F)(3) and (4).
